

COLUMBIA ASTRONOMY PUBLIC OUTREACH PRESENTS:
**PUBLIC LECTURE SERIES
& STAR-GAZING**

IS THERE LIFE LIKE US IN OUTER SPACE?

A Lecture

By Maureen Teyssier

**Friday, September 18, 2009 8pm
Pupin Hall, Columbia University**

What could aliens look like? This question holds so many possibilities, it's almost crazy to ask it in the first place. I'll use basic principles in chemistry, biology, and physics to place limits on what kinds of life could exist in our universe.

These are Free Lectures at a Public Level Followed by Guided Star-Gazing with Telescopes
All Events are At Pupin Hall on the Columbia University Campus. No Reservations are Needed.
Lectures are Wheelchair Accessible, Star-Gazing on the Roof is Not. Lectures are 30min, Star-Gazing lasts for two hours.
