

COLUMBIA ASTRONOMY OUTREACH PRESENTS:

STARGAZING, FILM & LECTURE SERIES

Star Trek: First Contact

Friday, June 1st, 7:00PM
Pupin Hall, Columbia University

Featuring an all-star cast, this top Star Trek film touches on topics including the nature of time travel, faster-than-light travel, our chances of discovering extraterrestrial life, and what form that life might take. Come join us for the film screening, discussion and stargazing.

Films are introduced, shown, and later discussed by scientists, separating science fact from fiction.

Lectures are 30 minutes and at a public level. No reservations are needed.

Films and lectures are followed by guided stargazing with telescopes (weather permitting).

All events are free, open to all members of the public, and held at Columbia University.

For directions, weather updates and more information, please visit:
