

**COLUMBIA ASTRONOMY OUTREACH PRESENTS:**

# **TRANSIT OF VENUS**

**Tuesday, June 5th, 6:00-8:30 PM**

**HARLEM:**

125th Street and  
Adam Clayton Powell Jr Blvd

**DOWNTOWN:**

Union Square at  
14th Street and Broadway

This rare occurrence, when Venus passes directly between the Earth and the Sun, will not happen again for 105 years. Once used for precise measurements of the size of the solar system, these events still remain a cosmic spectacle. Come to one of our public viewing locations to experience it safely.

All events are free and open to all members of the public.

No reservations are needed. Stay only as long as you like.
