

COLUMBIA ASTRONOMY OUTREACH PRESENTS:

STARGAZING, FILM & LECTURE SERIES

Waterworld

Friday, July 13th, 7:00PM
Pupin Hall, Columbia University

In a post-apocalyptic future, Earth's polar ice caps have completely melted and the planet is completely covered by water. Civilization is lost under the sea and the survivors sail the oceans in search of a mythical island called "Dryland."

Films are introduced, shown, and later discussed by scientists, separating science fact from fiction.

Lectures are 30 minutes and at a public level. No reservations are needed.

Films and lectures are followed by guided stargazing with telescopes (weather permitting).

All events are free, open to all members of the public, and held at Columbia University.
